

**PUNCH TYPE CLAMPS**  
DOUBLE-WRAPPED AND  
FORMED TO A GIVEN  
DIAMETER. CLAMPS  
COME READY FOR  
APPLICATION.

Made in the U.S.A.

To Order: Measure the  
Outside Diameter of the  
hose with its fitting inserted.

Then select the next larger  
Inside Diameter clamp by  
catalog number. Using  
the hose size in inches is  
not sufficient information,  
because different thickness  
of hose will result in varying  
outside diameters.

To apply, use PUNCH-  
LOK® banding tool model  
P-1000™, P-3000™,  
P-38™, or TA-3

Everdur clamps are made of a copper based material and are extremely anticorrosive, and non-magnetic. Other sizes and materials such as Monel may be available via special quote. Minimum quantity is one standard carton. These clamps are made to order and generally not stocked at any factory warehouse. Orders placed for these clamps are non-cancelable and not returnable.
